## WORK EXPERIENCE

### Customer Service

TajBank, No 72 Ahmadu Bello Way, Central Business District, Abuja 900103, FCT  
2020 - 2022

- Assisted a large volume of customers daily.
- Worked to resolve customer complaints with empathy, aiming to increase customer loyalty and satisfaction.

- Addressed customer concerns and provided accurate information to the best of my ability.
- Uploaded customer mandates, ensuring proper documentation and record-keeping.
- Strived to resolve customer complaints promptly, contributing to better customer retention rates.
- Actively worked to improve accuracy in data entry and reduce errors based on feedback from my supervisor.
- Updated account information to maintain customer records, aiming to reduce data errors and enhance overall customer experience.

## **NYSC**

Federal Capital Development Authority, Area 11, Garki, Abuja

2018-2019

- Collaborated with the IT team to troubleshoot and rectify platform issues.
- Assisted in setting up and maintaining computers and other necessary technology.
- Provided administrative support to improve workflow and team productivity.

## **INDUSTRIAL TRAINEE**

Mohtas Consultant Limited, Doma Plaza, Gombe

2016 - 2017

- Conducted site surveying and surface investigation of groundwater using the electrical resistivity method.
- Assisted a supervisor in the documentation and supervision of borehole drilling.
- Collaborated with industry professionals to apply acquired training to practical tasks.

## **Projects**

- Responsive Fitness Center Website  
Technologies Used: HTML, CSS, ReactJS  
Developed a fully responsive and visually appealing fitness center website. Key features include: Sections: Home, About Us, Gallery, Services, Plans, Trainers, Contact. Technologies used: ReactJS for component-based development, HTML for structure, CSS for styling and responsiveness. This project enhanced my skills in ReactJS, HTML, and CSS, and emphasized the importance of user experience and responsive design.

- Responsive Travel website UI  
Technologies Used: ReactJS, TypeScript, HTML, CSS.  
This dynamic and interactive website showcases various destinations, travel tips, and booking options. Key features include a homepage with popular destinations, detailed destination pages, and a responsive layout. I used ReactJS for component management, TypeScript for type safety and better code organization, HTML for structure, and CSS for styling and responsiveness. This project deepened my understanding of ReactJS and TypeScript, showcasing my ability to build complex web applications.
